Notes

Notes by the Comptroller on the P. W. budget for the year 1904-5.

The Provincial grant for Public works for the year is estimated at 36 10000. This appears to be rather a high estimate which, for the following reasons, might be reduced to, say, 30 lakhs.

(a) The Government Balance and the Surplus Cash investments have been during the past few years reduced to considerable extent as may be seen from the figures given below and some attempt will have to be made, by curtailing expenditure as much as possible towards raising our invested Surplus to at least 100 lakhs as contemplated by Government (vide page 11 of Dewan's Daasara Address dated 5th October 1903).

Years.	Government Balance.	Surplus Investment.
1894-95.	90, 38, 567.	65, 84, 300.
1895-96.	107, 24, 116.	85, 73, 700.
1896-97.	124, 28, 391.	98, 57, 800.
1897-98.	134, 13, 572.	135, 94, 500.
1898-99.	139, 53, 496	129, 03, 100.
1899-1900.	119, 08, 189	94, 24, 400
1900-1901	87, 95, 317	93, 82, 200
1901-1902	67, 51, 719	76, 57, 500
1902-1903	44, 86, 470	64, 57, 400
1903-1904	48, 90, 349	42, 87, 700

(b) The opening cash balance on 1st of July 1904, it is expected, will exceed the required minimum working balance of Rs 75 lakhs; but this balance, being made up entirely of Savings Bank balances, cannot be depended upon as a run might be made in the Banks at any time and large amounts be withdrawn by the depositors.

(c) A reliable cash balance can be secured only by fixing a maximum for Savings Bank deposits. But this is only possible when we begin to work with a Surplus.

(d) Funds are required for extra ordinary works sanctioned for the Electric power transmission Scheme, II Installation Rs 5,50000. and the Supply of power and Electric lighting for Bangalore — Rs 4,00,000. and these might be partly met by the suggested reduction of the grant for "Ordinary Public works."

(e) The establishments of the Forest, Excise and Military departments and of the General and Revenue Secretariat have all been revised at an increased cost. Other petty Charges are also on the increase.

(2) The provision of one lakh sanctioned in G.O No: $\frac{258-62}{1460-4}$ P.W. Dated 29th February 1904.

29th February 1904 for the erection of an additional Sataline of H. H. the late Sri Chamarajendra Wodeyar Bahadur does not appear to have been included in the budget.

(3) In working out the Establishment Charges of the Public Works Department the intermediate periodical increments and acting allowances are taken into account Contrary to rules. These charges are generally met from Establishment Savings and no special provision is as a rule made therefor in the Budget.
